The Phantom of the Opera, California Musical Theatre (Broadway Sacramento)

Review: Absolutely fantastic! Even from the very back of the upper-most level, the production was mesmerizing! The entire production was spectacular.

Review: Thrilling -- amazing talent, staging and costumes! Our family very much enjoyed this theatrical treat.

Review: This is a spectacular show on many levels. Definitely a four star production. Great acting/singing/dancing. The staging and special effects, costumes, and lighting were first rate. The Sacramento Bee was way off mark on this one. Don't miss it!

Review: I took my four kids to see this and we were all awstruck! It was beautifully staged with great effects. We had a lovely time. (Kids ages: 18, 16, 14, 10) I highly recommend this to all!

Review: This was the third time seeing "Phantom" on stage...the first 2 times several years ago in San Francisco. I was curious to know how this production might compare to the others...not to worry! I thought it was absolutely fantastic! In no way less wonderful than the others. I thought the actors playing The Phantom and Christine were incredibly good, as well as Raul and all the other players. So very glad I saw this one!
