Cinderella, Young People's Theatre of Folsom

Review: The performance was delightful! This was our first visit to the Young People's Theatre of Folsom, and we will definitely be return patrons! I loved the audience participation and found the slight variations to the classic tale to be charming (the Fairy Godmother persona was hilarious!). My daughter is asking why the prince didn't talk to her since she's so much like a princess, but otherwise, the show couldn't have gone better!

Review: Loved this production, all the actors were wonderful. Liked the audience interaction too.

Review: What a fun play! Great for the little ones (I took my 3 year old and she loved the audience interaction...she got to try on the glass slipper). The step sisters were a crack-up!

Review: This is an excellent show! My 5-year old daughter and I went with a little friend of hers and her mom. The girls loved the audience participation and the mom and I were equally entertained by the show. It was abstract enough to entertain the adult mind, but not so much that our little ones couldn't follow it. Go see it!

Review: I thoroughly enjoyed this show! I took my daughter (6 yrs) who loves Cinderella and "forced" her big brother (11 yrs) to come and they both had a wonderful time! The cast is very talented. The step-sisters are hilarious and the most funky fairy Godmother I have ever seen. I was VERY impress with the young girl who plays the Jester. She keeps the show moving and made the children in the audience feel apart of the

show. Excellent! I thank the whole cast for a fantastic day out with my children.
