audience reviews

The Carpenter, T.H.E. Actor's Workshop and Integral Theatre Company

Review: Very good! Each character was very realistic and really brought the emotions home.

Review: This was a show the whole family can enjoy. The actors were well rehearsed and the underlying message of the play was uplifting and positive.

Review: It was awesome! Every actor did a great job! It was intriguing, entertaining and all at a great price! I especially loved the role of Liza, Salome, Johnny and Jeff. Although everyone else was great as well! Just one thing...the little boy...Mark? Could have been a tad bit louder. otherwise it was a wonderful evening and I recommend this to young and old(er)!

Review: We really enjoyed the outstanding performance of the actors and we were inspired by the positive message and plot of this play. Ticket prices were very reasonable, especially for such a great play! Great one to take the whole family to! We especially enjoyed the following characters; Martha, Mark and Liza but, all of the actors were great! We look forward to seeing future performances from this group!

Review: I had never heard of this play and was pleasantly surprised by the outcome. The quality of the acting was outstanding. I enjoyed the storyline and was very impressed by the cast. This is a play I would see again and be honored to tell others about. The three children in the play were absolutely adorable and gave very memorable performances.

Review: This was really good! We took our children (10 and 7) and they enjoyed it also. The cast was very genuine, especially Sally May Fisher. She had us laughing and gasping the whole way through. Very well done - I highly recommend it!

Review: this show was great! one of the best plays i've been to ever! the cast was great, the venue was small and intimate, and the overall production was outstanding. the dialog between characters was very natural and the actors werre very believable as their characters. overall it was a great play put on by a great cast. i would definately go and see more plays by this theatre company, and i would encourage anyone who has even the slightest urge to see a production to check out this show.

Review: Impressive acting and insightful story! My two friends and I enjoyed this production immensely and highly recommend it to our acquaintances.

Review: This play was wonderful! Each and every character did an outstanding job of captivating the audience members. They were all very dynamic characters and did a great job of playing their parts. The young(er) ones especially amazed me, who knew such talent could come at such a young age? The setting and cosumes (and accents) were very authentic. I was blessed to be able to see this production.

Review: We came on opening night, the show was awesome, each of the actors did an outstanding job. I was so into the story and could not wait to find out where this young man really came from. Once they read the newspaper and identified his true identity it brought tears to my eyes. I would recommend EVERYONE come and see this play!

Review: The Carpenter voiced the amazing talent of actors from all backgrounds. The cast brought their characters from simply assigned lines on the printed page, to people with real faces, real emotions and real struggles. Even from the back row, you could feel each character as they experiences fear, joy and pain, you rose with them as they searched for fulfillment, and cried with them as they found it. The play had me on the edge of my seat, both laughing and crying. It was a fabulous production, I would see it again.
