audience reviews

Rabbit Hole, B Street Theatre

Review: A very realistic and emotional production.

Review: This was a fantastic production. I read the script over the summer and loved it. I was really excited when I first heard that B Street was going to be doing its own production of the script. I went in with high expectations and they were met at 110% percent, if that's even possible. The acting was superb. I especially loved the moment at the end of scene 2 when the father is viewing the tap of his son, to see the change that comes over the actor's face as he watches it is just so touching. I don't think there was a dry eye in the house. Katie was great at Izzy. I have heard a lot about her from previous productions and was so happy I finally got to see her perform for myself. All the hype I heard about her... completely true. She is an amazing actress. Being an actress myself, it makes me so happy to see plays such as this one that are so well done. It reminds me why I love the theatre so much. I strongly encourage everyone to see this show!!!
