audience reviews

The Effect Of Gamma Rays On Man-In-The-Moon Marigolds, California Stage

Review: This play is INTENSE. REAL. In it a self-hating, self-destructive, hateful mother brings up a loving and outstanding daughter. With its detailed character and story building, the play rang true, and touched me. And the actors made it REAL. I gave it a standing ovation.
- Bernard E. Scoville

Review: With this production, one can see why this play won a Pulitzer Prize. And the new intimate theater space (with very comfortable seats by the way) is a perfect setting for the powerful emotional punch that the story brings. Under skillful, sensitive direction, these actors gave splendid, honest performances. My husband & I were riveted, along with the rest of the audience. Everything - the amazing cast, the evocative soundtrack, the heartbreaking script - all added up to create a wonderful, wonderful, evening of theater. Bravo!
- G. Cooper

Review: This was a very, very good show! The actors were superb and the direction was spot-on-perfect. Such a wonderful play full of agony and sadness. The new space at California Stage is wonderful! I second the comment about the comfortable seats! This show is a MUST SEE!!
- Kevin James
