audience reviews

HAIR: The Tribal Love-Rock Musical, California Stage

Review: This is a really great show!! All the performers showed much talent in singing, acting, and working well as a tribe. They transported the audience into a different place that allowed us to share in the joy and energy they put into the show. As a performer myself, I appreciate seeing very talented people who are passionate about theatre. They reinforced why I love to perform and why I love doing musical theatre. Thank you for a great, inspiring night!
