Dirty Story, Capital Stage

Review: OMG! Dirty Story is a rollicking, slapstick laugh riot of a good time. It's so densely rich (especially Act I, "the buildup") that I feel like reading the script just to see what I missed. The actors all seem to be having a fabulous time -- there are several over-the-top scenes that not just anybody could pull off. Dirty Story tackles an extremely complex, delicate subject without taking sides. It pokes fun equally at all the players involved in the conflict. My personal favorite character is Frank the cowboy. Many of his mannerisms and lines are dead ringers for ... well, you can probably guess "W"ho. Will Dirty Story make you change your mind about who's right and who's wrong in the Middle East? Probably not. It's 100% pure parable, accessible on multiple levels. Pick one, pick them all. Just make sure you don't miss this full-frontal-fun production at Sacramento's hottest thinking person's theatre!

Review: You've got to see this show. It's entertaining on so many levels. It's suspenseful and funny and nothing is really what it seems. If you like shows you can chew over later and argue with friends about, this is your show. I've got a feeling this company is about ready to soar to heights unimagined in Sacramento Theatre and you better hop on board now while you can still get tickets.
